Education

Bharati Vidyapeeth's College of Engineering for Women, Pune [CGPA:9.00]	July 2024- June 2027
Bachelor of Engineering in Information Technology	
Vidya Pratishthans Polytechnic College, Indapur [Percentage : 87.66]	June 2021- June 2024
Diploma in Computer Engineering	
Shree Nilkantheshwar Vidyalay, Lasurne [Percentage :91.80]	June 2020- May 2021
SSC	

Experience

Excellent Software Service [Industrial Training – Data analytics]	June 2023-july 2023
CodSoft [Web Development Intern]	Aug 2024-Sep 2024
Pratinik Infotech [Data analytics Intern]	Dec 2025- Feb 2026

Projects

StayEase – Property Listing Platform | MERN Stack

- Built a CRUD-based property listing application with image uploads.
- Implemented secure routing, backend validation, and MVC architecture.
- Focused on error handling, scalability, and clean code practices.

Spotify Clone Website | Frontend Web Application

- Developed a Spotify-inspired music streaming web application with a responsive and interactive user interface.
- Implemented audio playback controls (play/pause, next/previous, progress bar, volume) using JavaScript and HTML Audio API.
- Designed a mobile-friendly UI using HTML5, CSS3, enhancing DOM manipulation and event-handling skills.

CivicVoice Dashboard | AI Web-Based Application [Working]

- Designed a responsive citizen issue reporting and tracking dashboard with a clean, user-centric UI.
- Implemented AI-powered real-time integration to analyze, classify, and prioritize civic issues dynamically.
- Enabled real-time data updates and intelligent insights to support faster decision-making.

Skills

Programming Languages: C, C++, Java, Python, JavaScript
Web Technologies: HTML5, CSS3, Node.js, Express.js, React, Bootstrap
Databases: MongoDB, MySQL
Core Subjects: Data Structures & Algorithms, DBMS, Operating Systems, Computer Networks
Tools: Git, GitHub, VS Code, Postman, Jupyter Notebook, Google Colob, PowerBI

Achievements

- Kiran Girls Scholarship – Persistent Foundation
- Solved 100+ of DSA problems on coding platforms

Certifications

Infosys Springboard Certifications
Industrial Training
Persistent Foundation Training Program
Quantum Computing Course [I4C]
JavaScript Training Program [SINE, IIT Bombay]
